

## *1 Luxe*

Designer furniture and luxury materials elevate this interior style towards a high end demographic. Dark timbers juxtaposed with gleaming metallic finishes set this style apart as a lavish option for suited apartments and homes aimed at the top end of the market.

## 2 Modern Urban

A vibrant contemporary styling approach with select on trend furniture pieces.  
Ideal for compact living and dining spaces. Suited to suburban and inner city apartments.  
This style can be extended to suit a larger home.  
Warm tones, stylish furnishings and a youthful edge define this style.

### 3 *Modern Luxe*

This neutral colour palette is adaptable to many internal spaces. The furnishings are modern whilst remaining classic and understated. Simple and elegant pieces place this style in the mid range, catering to a wide demographic.

#### 4 *Minimal*

Clean edges, simple materials and black lines are the signature of this interior style. Hints of rough concrete and weathered copper appear in the selected home wares and reinforce the minimal, on trend approach of this space. This style exudes a cool, effortless feel and is well suited to high end apartment living and boutique homes.

## 5 *Industrial Edge*

A youthful urban style with industrial undertones. This scheme is predominantly monochromatic and draws upon a New York loft style aesthetic to convey a metropolitan warehouse look. Suited to a younger demographic, this look is ideal for property development in up and coming areas, wanting to portray a trendy lifestyle.

## 6 *Modern Classic*

A high end classic look suited to a mature demographic, looking to downsize to townhouse or apartment style living. This style incorporates luxury elements with a neutral base colour scheme. The contemporary, classic furnishings offer a sophisticated aesthetic, appealing to those with more elegant, refined taste.

## *Modern Coastal*

An earthy, organic look, defined by natural materials such as light timbers and marble. Greenery is used to soften the solid furnishings and pops of colour in the textiles offer a warm vibrancy. This style portrays a soothing atmosphere and is perfectly suited to any property hoping to exhibit a relaxed lifestyle, despite the proximity to the coast line.

## 8 *Modern Country*

A warm and inviting country style interior, incorporating natural timbers and classically styled furnishings. Green tones and plants break up the space and incorporate some graphical interest to the soft furnishings. This style is suited to a mature demographic, who are looking to bring their own style into a smaller home.

## 9 *Country Living*

Hard timber elements are set off by light linen upholstery furniture and elegant styling to soften the interior space and create a comfortable and familiar environment. This interior styling would suit a range of demographics as the classic elements are accompanied by high end material finishes.

## 10 *Modern Hampton*

The detailed Hampton furniture in a monotone colour scheme creates a relaxing space for a mature clientele to enjoy. With minimal styling the space is balanced with the attention to detail highlighted in the herringbone flooring and larger furniture items.

## 11 *Opulence*

The classic furniture fitted in a warm colour scheme creates a luxe yet comfortable interior space. Paired with formal styling this range is versatile to fit the lifestyle of a family to a mature clientele. The modern solid style of dining table is set off by the softer elements found in the living suite ensuring the space is welcoming to the viewer.
